

SOUTH STAR MINING CORP.

INFORMATION CIRCULAR as at January 23, 2018

This Information Circular is furnished in connection with the solicitation of proxies by management of South Star Mining Corp. for use at the special meeting of the shareholders of South Star Mining Corp. to be held on February 28, 2018 (the “Meeting”) and any adjournment thereof, for the purposes set forth in the attached Notice of Special Meeting. Except where otherwise indicated, the information contained herein is stated as of January 23, 2018.

In this Information Circular, references to the “Company”, “we” and “our” refer to South Star Mining Corp. “Common Shares” means common shares without par value in the capital of the Company. “Registered Shareholders” means shareholders whose names appear on the records of the Company as the registered holders of Common Shares. “Non-Registered Shareholders” means shareholders who do not hold Common Shares in their own name. “Intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged to send meeting materials directly to Registered Shareholders, as well as Non-Registered Shareholders who have consented to their ownership information being disclosed by the Intermediary holding the Common Shares on their behalf (non-objecting beneficial owners). We have not arranged for Intermediaries to forward the meeting materials to Non-Registered Shareholders who have objected to their ownership information being disclosed by the Intermediary holding the Common Shares on their behalf (objecting beneficial owners). As a result, objecting beneficial owners will not receive the Information Circular and associated meeting materials unless their Intermediary assumes the costs of delivery.

Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy (the “Proxy”) are officers of the Company. **If you are a Registered Shareholder, you have the right to vote by proxy and to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting.** You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of Proxy.

Every Proxy may be revoked by an instrument in writing:

- (a) executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a company, by a duly authorized officer or attorney, of the company; and
- (b) delivered either to the registered office of the Company at any time up to and including the last business day preceding the day of the meeting or any adjournment of it, at which the Proxy is to be used, or to the chairman of the Meeting on the day of the Meeting or any adjournment thereof,

or in any other manner provided by law.

Only Registered Shareholders have the right to revoke a Proxy. Non-Registered Shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Intermediaries to revoke the Proxy on their behalf.

Voting by Proxyholder

If you have the right to vote by proxy, the persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (i) Each matter or group of matters identified therein for which a choice is not specified,
- (ii) Any amendment to or variation of any matter identified therein,
- (iii) Any other matter that properly comes before the Meeting, and
- (iv) Exercise of discretion of Proxyholder.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter. Management is not currently aware of any other matters that could come before the meeting.

Voting by Registered Shareholders

If you are a Registered Shareholder you may wish to vote by proxy whether or not you are able to attend the Meeting in person. Registered Shareholders electing to submit a proxy may do so by completing, dating and signing the enclosed form of proxy and returning it to the Company's transfer agent, Computershare Trust Company of Canada ("**Computershare**"), in accordance with the instructions on the Proxy.

In all cases you should ensure that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

Voting by Non-Registered Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Non-Registered Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders.

If Common Shares are listed in an account statement provided to a shareholder by an Intermediary, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of the shareholder's Intermediary. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Non-Registered Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

If you are a Non-Registered Shareholder:

You should carefully follow the instructions of your Intermediary in order to ensure that your Common Shares are voted at the Meeting.

The voting instruction form supplied to you by your Intermediary will be similar to the Proxy provided to the Registered Shareholders by the Company. However, its purpose is limited to instructing the Intermediary on how to vote on your behalf. Most Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in the United States and in Canada. Broadridge mails a voting

instruction form in lieu of a Proxy provided by the Company. The voting instruction form will name the same persons as the Company's Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a shareholder of the Company), other than the persons designated in the voting instruction form, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a voting instruction form from Broadridge, you cannot use it to vote Common Shares directly at the Meeting – the voting instruction form must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the Common Shares voted.**

Although as a Non-Registered Shareholder you may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of your Intermediary, you, or a person designated by you, may attend at the Meeting as proxyholder for your Intermediary and vote your Common Shares in that capacity. If you wish to attend at the Meeting and indirectly vote your Common Shares as proxyholder for your Intermediary, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the voting instruction form provided to you and return the same to your Intermediary in accordance with the instructions provided by such Intermediary, well in advance of the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed in this management information circular, no person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting other than the election of directors and the appointment of auditors and as set out herein. Company shareholders of record as at the Record Date are entitled to receive notice of the Meeting and to vote their shares at the Meeting, except to the extent that any such shareholder transfers shares after the Record Date and the transferee of those shares establishes that the transferee owns the shares and demands, not less than ten (10) days before the Meeting, that the transferee's name be included in the list of shareholders entitled to vote at the Meeting, in which case only such transferee shall be entitled to vote such shares at the Meeting.

Under the Company's articles, the quorum for the transaction of business at the Meeting consists of, subject to the special rights and restrictions attached to the share of any class or series of shares, one shareholder present in person or by proxy.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

On the Record Date there were 16,621,314 common shares issued and outstanding, each share carrying the right to one vote. Only shareholders of record at the close of business on the Record Date will be entitled to vote in person or by Proxy at the Meeting or any adjournment thereof.

To the knowledge of the Directors and executive officers of the Company, as of the date of this Information Circular, the Shareholders who beneficially own, or exercise control or direction, directly or indirectly, Common Shares carrying 10% or more of the votes attached to Common Shares are:

For details of the material terms of the Company's 2014 Stock Option Plan, please see "*Particular of Matters to be Acted Upon – Approval of Rolling Stock Option Plan*".

The Company has no Incentive Plan in place and therefore there were no awards made under any incentive plan to the NEOs during the Company's most recently completed financial year. An "Incentive Plan" is a plan providing compensation that depends on achieving certain performance goals or similar conditions within a specified period.

Employment, Consulting and Management Agreements

On October 1, 2017, the Company entered into a consulting agreement with Red Fern Consulting Ltd. ("**Red Fern**") pursuant to which the Company agreed to pay Red Fern \$4,000 per month plus GST to retain Justin Blanchet to provide accounting and administrative services to the Company and to act as the CFO of the Company. The consulting agreement is for a term commencing on October 1, 2017 for a minimum of eight months (the "**Term**"). The Term will be automatically renewed at the end of each consecutive Term unless otherwise agreed by the parties no later than one month prior to the end of the Term. The consulting agreement may be terminated by the Company or Red Fern on sixty days' notice to the other party.

Other than disclosed herein, the Company does not have any contracts, agreements, plans or arrangements that provide for payments to an NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Company or a change in an NEO's responsibilities.

Oversight and Description of Director and NEO Compensation

The objective of the Company's compensation program is to compensate the executive officers for their services to the Company at a level that is both in line with the Company's fiscal resources and competitive with companies at a similar stage of development.

The Company compensates its executive officers based on their skill and experience levels and the existing stage of development of the Company. Executive officers are rewarded on the basis of the skill and level of responsibility involved in their position, the individual's experience and qualifications, the Company's resources, industry practice, and regulatory guidelines regarding executive compensation levels.

The Board has implemented three levels of compensation to align the interests of the executive officers with those of the shareholders. First, executive officers may be paid a monthly consulting fee or salary. Second, the Board may award executive officers long term incentives in the form of stock options. Finally, and only in special circumstances, the Board may award cash or share bonuses for exceptional performance that results in a significant increase in shareholder value. The Company does not provide medical, dental, pension or other benefits to the executive officers. The Board of Directors has not considered the implications of the risks associated with the Company's compensation policies and practices. The Company's compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short term goals at the expense of long term stability.

The base compensation of the executive officers is reviewed and set annually by the Board. The CEO has substantial input in setting annual compensation levels. The CEO is directly responsible for the financial resources and operations of the Company. In addition, the CEO and Board from time to time determine the stock option grants to be made pursuant to the Company's Stock Option Plan. Previous grants of stock options are taken into account when considering new grants. The Board awards bonuses at its sole discretion. The Board does not have pre-existing performance criteria or objectives.

The salary for each NEO is primarily determined having regard to his position, responsibilities, the assessment of such individual's performance and overall Company performance as presented by management to the Board of Directors. A cash bonus may be awarded to reward extraordinary performance that has led to increased value for shareholders through property acquisitions or divestitures, the formation of new strategic or joint venture

relationships, or capital raising efforts. Grants of stock options are intended to enforce and encourage the executive officer's commitment to the Company's growth and the enhancement of share value and to reward executive officers for the Company's performance. The grant of stock options, as a key component of the executive compensation package, enables the Company to attract and retain qualified executives.

The Company does not have a formal policy prohibiting a NEO or a director of the Company from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director of the Company. However, there is an understanding that the NEOs and directors of the Company will not purchase such financial instruments, and no NEO or director of the Company has purchased such financial instruments as of the date of this Management Information Circular.

Compensation for the two most recently completed financial years should not be considered an indicator of expected compensation levels in future periods. All compensation is subject to and dependent on the Company's financial resources and prospects.

The Company has no standard arrangement pursuant to which directors are compensated by the Company for their services in their capacity as directors except for the granting from time to time of incentive stock options in accordance with the policies of the TSX Venture Exchange.

See "Executive Compensation".

The Company entered into a share purchase agreement dated October 19, 2017 with Brasil Grafite S.A. ("BGSA"), Brasil Graphite Corp. ("BGC") and Frontera Minerals Inc. ("Frontera", and collectively with BGSA and BGC, the "Vendors"), pursuant to which the Company agreed to acquire a 100% interest in and to 13 approved exploration

licenses in the state of Bahia, Brazil known as the Santa Cruz Graphite Project through the acquisition of all of the issued and outstanding shares of BGC from the Vendors (the “**Transaction**”). STATEMENT OF CORPORATE GOVERNANCE

Corporate Governance

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and charged with the day to day management of the Company. The Canadian Securities Administrators (“CSA”) have adopted National Policy 58-201 Corporate Governance Guidelines, which provides non prescriptive guidelines on corporate governance practices for reporting issuers such as the Company. In addition, the CSA have implemented National Instrument 58-101 Disclosure of Corporate Governance Practices (“**NI 58-101**”), which prescribes certain disclosure by the Company of its corporate governance practices. This disclosure is presented below.

Board of Directors

The Board currently consists of five directors: David McMillan, Eric Allison, Allen Ambrose, Graydon Kowal and Aman Parmar. It is proposed that the Board be expanded by additional members to be added at the Meeting. It is proposed that Richard Pearce and Felipe Holzacker Alves be nominated for election, and the appointment of Aman Parmar be re-confirmed at the Meeting.

The Board currently consists of a majority of individuals who qualify as independent directors. For this purpose, a director is independent if he or she has no direct or indirect “material relationship” with the Company. A “material relationship” is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director’s independent judgment. Two directors, Eric Allison, CEO and David McMillan, Chairman of the Company, are considered not independent.

Orientation and Continuing Education

Orientation of new members of the Board is conducted by informal meetings with members of the Board, briefings by management, and the provision of copies of or access to the Company's documents.

The Company has not adopted formal policies respecting continuing education for Board members. The Company encourages directors to undertake continuing education the costs of which are borne by the Company.

Ethical Business Conduct

The Board has not adopted a formal code of business conduct and ethics. The Board is of the view that the fiduciary duties placed on individual directors by the Company's governing legislation and common law together with corporate statutory restrictions on an individual director's participation in Board decisions in which the director has an interest are sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual general meeting. The Board takes in to account the number of directors required to carry out the Board's duties effectively and to maintain diversity of views and experience.

The Board has not established a nominating committee and this function is currently performed by the Board as a whole.

Compensation

The Board has not established a formal compensation committee. Rather the independent Board members are responsible for reviewing and determining the adequacy and form of compensation paid to the Company's executives and key employees. The independent Board members evaluate the performance of the Chief Executive Officer and other senior management measured against the Company's business goals and industry compensation levels.

Board Committees

The Board has no committees other than the Audit Committee.

Assessments

The Board, its committees and individual directors are not regularly assessed with respect to their effectiveness and contribution. The Board believes that such assessments are more appropriate for companies of a larger size and complexity which may have significantly larger boards of directors. Where appropriate the chair of the Board meets with individual directors to discuss their contribution and that of the other directors. Arising from such meetings, if appropriate, the Board considers procedural and substantive changes to increase the effectiveness of the Board, its committees and members.

AUDIT COMMITTEE

National Instrument 52-110 of the Canadian Securities Administrators (“**NI 52-110**”) requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.
